MEBUGE KAMSIYOCHUKWU BRENDAN

Frontend Developer (React | TypeScript | Tailwind CSS)

Lagos, Nigeria | +234 815 523 0994 | brendanmebson@gmail.com | Github | LinkedIn

EDUCATION

Babcock University *Ilishan Remo, Ogun State*
Bachelor of Science Software Engineering *2021 - 2025*

PROFESSIONAL EXPERIENCE

IT Horizons (Zojatech)
Frontend Developer Intern *January 2024 – July 2024*

- Built responsive web applications and dashboards using React, TypeScript, and Tailwind CSS
- Integrated scalable UI components and enhanced performance with code-splitting and lazy loading
- Collaborated with cross-functional teams to ensure smooth API integration and delightful UX
- Maintained design consistency using Figma-based component systems

Freelance React Developer *January 2022 – Present*

- Delivered 15+ client-focused web solutions using React, Next.js, and TypeScript
- Designed and developed fully responsive, accessibility-compliant SPAs
- Integrated REST APIs and third-party services with robust error handling and state management
- Provided post-launch support and performance optimization

PROJECTS

UNILERT | Campus Safety App & Admin Dashboard | *React, React Native, Tailvind Css, Supabase*

- Built a mobile-first emergency alert app for campus students
- Developed an admin dashboard for real-time incident tracking and student location monitoring
- Implemented secure auth and real-time updates with Supabase

PULSEBOARD | Real-time Analytics Dashboard | *React, TypeScript, Chart.js, WebSockets, Vite*

- Developed a data dashboard showing real-time analytics with WebSocket data feeds
- Used Chart.js for dynamic visualizations and custom theming
- Integrated role-based access control and dark/light modes

Freelance Portfolio Website | *React, TypeScript, Framer Motion, Tailwind CSS*

- A personal portfolio showcasing projects, experience, and design flair
- Added scroll-based animations and lightbox galleries for interactive UX
- Deployed on Vercel with CI/CD integration from GitHub

BUDDYSPEND |Personal Finance Tracker | *React, Finacial API, Tailwind CSS*

- Built a personal budget and expenses manager with insightful charts and stats
- Integrated authentication and encrypted data storage for privacy
- Visualized spending trends with filterable, paginated reports

CHATBUDDY | Messaging Platform | Lead Frontend Dev | *React, Typescript, Tailwind Css, API, Websockets*

- Led the front-end development of a messaging application, utilizing React, TypeScript, and Tailwind CSS to created a real-time chat app using WebSockets
- Implemented typing indicators, delivery status, and conversation history
- Used custom hooks and context API for modular architecture

CRYPTODASH | Crypto Dashboard | *React, TypeScript, Tailwind CSS, API Integration*
- Crypto dashboard with real-time price tracking, buy/sell/swap simulation
- Pulled live data from CoinGecko API and supported portfolio management
- Designed for scalability and included multi-theme support

MOVIESPOT | *React, Tailwind CSS, TMDB API, Framer Motion*
- Movie browsing app with search, categories, and watchlist
- Integrated TMDB API with dynamic routing and beautiful transitions

DevKit UI Library | *React, Storybook, Tailwind CSS, TypeScript*
- A reusable component library with fully documented design system
- Published and maintained using Storybook and NPM
- Supports theming, accessibility, and dark/light mode.

SKILLS & INTERESTS

Frontend: React, TypeScript, JavaScript, HTML5, CSS3, Tailwind CSS, SASS

Frameworks & Tools: Next.js, React Native, Node.js, Express, Vite, Webpack, IntelliJ, Vim, Visual Studio, VMware, Ngrok

UI/UX & Design: Figma, Framer Motion, Storybook

State Management: Redux, Zustand, Context API

Testing: Jest, React Testing Library

Version Control & CI: Git, GitHub, Netlify, Vercel

Backend & Data: Supabase, MongoDB, REST APIs, WebSockets

Language: English (native), French & Igbo (basic).

Interests: Augmented and Virtual Reality, Books, Football, Machine Learning, Plants, Startup, Video and board games, UI/UX designing.

CERTIFICATIONS

New Horizons **July 2022 - 2025**
- CompTIA A+ Core 1 &2
- Fundamental of Computer Security
- Oracle Databse 12C Fundamentals
- Oracle Databse 12C Admin Workshop
- Oracle SE8 OCA & OCP
- Andriod Application Management

COMMUNITY & LEADERSHIP

Babcock University Coding Club **2021 - Present**
- Participated in weekly coding challenges and internal hackathons
- Supported and mentored peers on React and frontend best practices

Google Developer Student Club (GDSC) **2022 - Present**
- Contributed to projects in web, cloud, mobile, and backend domains

- Actively engaged in talks, workshops, and collaborative builds

React Developers Club   **2022 - Present**

- Explored advanced React patterns, animation libraries, and shared open-source projects
